

# How do I install the CTAC app on my phone?

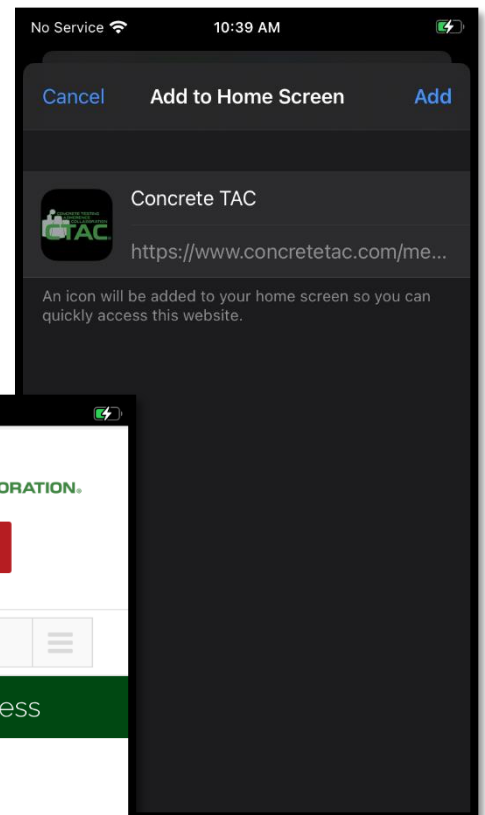

## PWA Install Guide

### iOS

1. Navigate to [www.concretetac.com](http://www.concretetac.com) on your iOS device through Safari.
2. Tap the “Share” button.

3. Scroll down and tap “Add to Home Screen”.
4. Accept or change name then select “Add”.
5. Load app on your iOS device as any other app.

6. Login using your approved [www.concretetac.com](http://www.concretetac.com) credentials.
